

To the Steering Committee of
the Berlin Aging Study II (BASE-II)
c/o Max Planck Institute for Human Development
Dr. Ludmila Müller
Lentzeallee 94
D-14195 Berlin lmueller@mpib-berlin.mpg.de

Application to the Steering Committee

- for analysis projects and planned publications using BASE-II data
- for presentations using BASE-II data at conferences, workshops, etc.

Title, full name (applicant)

Title, full name (head of department / professor)

Institution/research unit

Address of the institution (street, postal code, city, country)

Contact details (telephone, email, url)

Title or theme of data analysis project

Abstract in the appendix is attached

Expected duration of the research project

Planned authors / users of the data / contributing research units

Involved BASE-II Research Units:

CHAR HU MPIB SOEP UzL TATI

CHAR = Charité – Universitätsmedizin Berlin, HU=Humboldt Universität zu Berlin, MPIB=Max Planck Institut for Human Development, SOEP=German Socio-Economic Panel, UzL =Universität zu Lübeck, TATI=Universität Tübingen.

BASE-II contact person/s:

Groups of variables needed for the project (please indicate the relevant area (medical, psychological, genetic, socioeconomic, immunological)):

Details of variables (please use the variable names from the BASE-II-Codebook and measurement cycles, if appropriate)

Variables	Variable names (see Codebook)	Measurement cycles
Dependent Variables		
Independent Variablen		
Covariates		

Continuation in the appendix (If necessary add further variables to the appendix)

The following research units have granted access to these variables or groups of variables:

CHAR HU MPIB SOEP UzL TATI

Further comments:

It is planned to present the results of the project at the following conferences, workshops, etc.:

Title, location, date

It is planned to publish the project in the following journal/s (list one or more): :

Title, expected date of publication

Date, signature of first author/applicant

Approval of head of department/professor)

Appendix – Abstract (First)-Author: _____

Title: _____

Background and rationale leading to the study or research question:

Research question(s):

Methods of data-analyses:

Earlier work or publications of the applicant, BASE-II publications related to the project (see www.base2.mpg.de/en/project-information/publications):

Planned time schedule

Task	Month/s

Appendix – Further variables

Continuation of page 2

Variables	Variable names (see Codebook)			Measurement cycles
Dependent Variables				
Independent Variablen				
Covariates				

Miscellaneous:
