

Program / Programm
Thursday / Donnerstag

- 9.00 a.m. Welcome / Begrüßung**
- 9.15 a.m. What data has been collected – research units present research instruments /
Was alles erhoben wird – die Teilprojekte stellen vor:
Ilja Demuth: Medicine / Innere Medizin (CFGG)
Graham Pawelec: Immunology / Immunologie (TATI)
Lars Bertram: Molecular Genetics / Molekulargenetik (MPIMG)
Denise Saßenroth: Survey Methods and Social Science /
Surveymethodik und Sozialwissenschaften (DIW / SOEP)
Sandra Düzel: Psychology / Psychologie (MPIB)
- 11.00 a.m. Coffee Break / Kaffeepause**
- 11.15 a.m. “Coffee to Go”
Research into Aging 2035 / Altersforschung 2035
Successful Aging – What does this mean? / Erfolgreiches Altern – Was ist das eigentlich?
What I want to know / Das will ich wissen!
These data are missing / Diese Daten fehlen mir
A question of the perspective / Alles eine Frage der Perspektive
- 12.30 p.m. Lunch / Mittagspause**
- 13.30 p.m. Discussion of the results of “Coffee to Go” / Auswertung “Coffee to Go”
- 14.00 p.m. “Big Picture”: The overview of research into ageing
Ulman Lindenberger: “Adult Age Differences in Genetic Effects on Cognition:
Exploring the Resource Modulation Hypothesis ”
Elisabeth Steinhagen-Thiessen (CFGG): “Big picture illustrated by
the example of frailty”
- 15.00 p.m. “... and Small Examples”
Graham Pawelec (TATI): “Are there any correlations between socioeconomic status
and immune status in BASE-II so far?”
Christina Tegeler, Katinka Reiner (CFGG): “Sexuality in older men and women:
activity, desire and satisfaction”
Julia Schröder (MPIMG): “MicroRNAs – small molecules, big impact”
Sandra Düzel (MPIB): “Time perspective of being exploratory: relations to brain structure.”
- 16.00 p.m. Summary and end / Zusammenfassung und Ausklang**

Program / Programm

Friday / Freitag

9.00 a.m.	Welcome / Begrüßung
9.05 a.m	More Small Examples Denis Gerstorf (HU-Berlin): "The psychosocial assessment battery in the BASE-II Study: Rationale and research questions" Buchmann / Ibrahim (CFGG): "Cardiovascular Parameters in BASE-II - Biomarkers for Cardiovascular Diseases" Jivko Nikolov (CFGG): "Nutrition and Aging" Peter Eibich (DIW/SOEP): "The potential of geo-referenced data and an application to health economics"
10.15 a.m.	Coffee Break / Kaffeepause
10.30 a.m.	Group discussion / Austausch in Kleingruppen
11.30 a.m.	Summary, evaluation / Zusammenfassung, Auswertung
12.00 p.m.	End of the Conference / Ende der Veranstaltung
